Keeping our community warm

Providing practical, sustainable,
energy efficient solutions to help
you create a healthy home

About Us

CEA is committed to providing practical, sustainable energy efficient solutions to help create a healthy living and working environment for all in our community.

A warm, dry, sustainable home is essential for good health. By living in a cold, damp home, even the most healthiest of people can get sick, and existing health conditions are likely to worsen.

Community Energy Action (CEA) Charitable Trust has been working throughout Canterbury for over 25 years, and more recently in the West Coast, Hurunui, and Kaikoura regions. Our work has directly impacted thousands of people's lives for the better.

As a charitable trust, we provide high quality, professional services where profits go back into supporting our community.

Curtain Bank

The Curtain Bank provides free, recycled, double-layered curtains to those who cannot afford them. You can apply online, print a measurement form, or call us and we will post one out to you. Please note this free service is by appointment only, at our offices on 299 Tuam Street.

Healthier Homes Canterbury

This is a scheme provided by Environment Canterbury, offering low interest loans to eligible ratepayers towards the cost of insulation, heating, and simple ventilation products and installation. CEA is a registered provider of this scheme, get in touch for more information.

Insulation & heating

Good quality insulation is vital for a healthy home. CEA offers free, no obligation home insulation checks for those who are unsure if they have any/ enough insulation. Subsidised underfloor and ceiling insulation is available for qualifying households. Some heating assistance may also be available. Please contact us for current subsidies and criteria.

Energy Advice Service

Got a question about your energy use or the health of your home? CEA operates a free energy advice service, providing independent advice via phone or by email. We also provide informative presentations and workshops to community groups and organisations, large or small, on energy efficiency.

CEA can help you in many other ways. If you would like to know more, contact us on 0800 GET WARM.
